This financial report covers Janus Henderson Global Equity Income Fund (ARSN 604 135 784) as an individual entity.

The Responsible Entity of Janus Henderson Global Equity Income Fund is Janus Henderson Investors (Australia) Funds Management Limited (ABN 43 164 177 244).

The Responsible Entity's registered office is:

Level 36, Grosvenor Place, 225 George Street, Sydney NSW 2000.

Directors' report

The directors of Janus Henderson Investors (Australia) Funds Management Limited, the Responsible Entity of Janus Henderson Global Equity Income Fund (the "Fund"), present their report together with the financial report of the Fund, for the period from 1 July 2022 to 16 March 2023.

Principal activities

While in operation, the Fund invested predominantly in listed equity securities in accordance with the provisions of the Fund's Constitution.

The Fund was also part of the mFund Settlement Service (mFund) offered by the Australian Securities Exchange (ASX). mFunds are unlisted managed funds that investors can access through a broker.

On 28 October 2022, the Board of Directors approved a plan to liquidate and terminate the Fund in an orderly manner.

During the period all assets of the Fund were liquidated and returned to unitholders. There were otherwise no significant changes in the nature of the Fund's principal activities during the financial period.

The Fund did not have any employees during the period.

The various service providers for the Fund are detailed below:

Service	Provider
Responsible Entity	Janus Henderson Investors (Australia) Funds Management Limited
Investment Manager	Henderson Global Investors Limited
Custodian and Administrator	BNP Paribas
Statutory Auditor	PricewaterhouseCoopers

Directors

The following persons held office as directors of Janus Henderson Investors (Australia) Funds Management Limited during or since the end of the period and up to the date of this report:

MJ Gaden
EYL Cheung
GJ Clarke

Review and results of operations

These are the final accounts for the Janus Henderson Global Equity Income Fund, which has terminated on 16 March 2023. Janus Henderson Investors (Australia) Funds Management Limited had a termination process in place to ensure the orderly sell down and distribution of assets.

Significant changes in the state of affairs

The Fund commenced winding up effective 28 October 2022 and paid out all unitholders' entitlements by 16 November 2022. This was in accordance with the Fund's Constitution.

Matters subsequent to the end of the period

The Fund completed its termination on 16 March 2023. No matter or circumstance has arisen since 16 March 2023.

Indemnification and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to either the officers of Janus Henderson Investors (Australia) Funds Management Limited or the auditors of the Fund. So long as the officers of Janus Henderson Investors (Australia) Funds Management Limited act in accordance with the Fund's Constitution and the Law, the officers remain fully indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund. The auditors of the Fund are in no way indemnified out of the assets of the Fund.

Directors' report (continued)

Fees paid to and interests held in the Fund by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the period are disclosed in Note 12 to the financial statements.

No fees were paid out of Fund property to the directors of Janus Henderson Investors (Australia) Funds Management Limited during the period.

The number of interests in the Fund held by Janus Henderson Investors (Australia) Funds Management Limited or its associates as at the end of the period are disclosed in Note 12 to the financial statements.

Interests in the Fund

The movement in units on issue in the Fund during the period is disclosed in Note 6 to the financial statements.

The value of the Fund's assets and liabilities is disclosed on the Statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Rounding of amounts to the nearest thousand dollars

Amounts in the directors' report have been rounded to the nearest dollar in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the directors of Janus Henderson Investors (Australia) Funds Management Limited.

MJ Gaden
Director

On behalf of all the directors of Janus Henderson Investors (Australia) Funds Management Limited

Sydney, Australia

Auditor's Independence Declaration

As lead auditor for the audit of Janus Henderson Global Equity Income Fund for the period 1 July 2022 to 16 March 2023, I declare that to the best of my knowledge and belief, there have been:

- (a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- (b) no contraventions of any applicable code of professional conduct in relation to the audit.

A handwritten signature in black ink, appearing to read 'Adrian Gut', followed by a period.

1 General information

These financial statements cover the Janus Henderson Global Equity Income Fund (the "Fund") as an individual entity.

The Responsible Entity of the Fund is Janus Henderson Investors (Australia) Funds Management Limited (ABN 43 164 177 244) (the "Responsible Entity"). The Responsible Entity's registered office is Level 36, Grosvenor Place, 225 George Street, Sydney NSW 2000.

The financial statements are presented in the Australian currency.

The Fund completed its wind up on 16 March 2023. Prior to its termination, the Fund sought to achieve a dividend yield that exceeds the dividend yield of the MSCI World ex-Australia Index (net dividends reinvested) in AUD with the potential for long-term capital growth.

The financial statements were authorised for issue by the directors of the Responsible Entity on 23 May 2023. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the both the period and comparative year presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board and the *Corporations Act 2001* in Australia. The Fund is a for-profit unit trust for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated. On 28 October 2022, the Responsible Entity resolved to terminate the Fund. The final distribution to unitholders was paid on 15 November 2022. The Fund completed its termination on 16 March 2023. This report contains the final set of financial statements for Janus Henderson Global Equity Income Fund. The directors have determined that the going concern basis of preparation is no longer appropriate, as such, the financial statements have been prepared on a liquidation basis. There are no assets and liabilities remaining in the balance sheet. Adoption of the liquidation basis of preparation has had no impact on the carrying amounts of assets and liabilities of the Fund.

(i) Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

(ii) New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial period beginning 1 July 2022 that have a material impact on the amounts recognised in the prior periods that will affect the current period.

(iii) New standards, amendments and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for the period beginning after 1 July 2022, and have not been early adopted in preparing these financial statements. None of these are expected to have a material impact on the financial statements of the Fund for the period ended 16 March 2023.

(b) Financial assets and liabilities at fair value through profit or loss

(i) Classification

Assets

The Fund classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The Fund's portfolio of financial assets is managed and its performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund uses fair value information to assess performance of the portfolio and to make decisions to rebalance the portfolio or to realise fair value gains or minimise losses through sales or other trading strategies. The Fund's policy is for the Responsible Entity to evaluate the information about these financial assets on a fair value basis together with other related financial information.

Equity securities and derivatives are measured at fair value through profit or loss.

For debt securities, the contractual cash flows are solely payments of principal and interest, however they are neither held for collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, the debt securities are measured at fair value through profit or loss.

2 Summary of significant accounting policies (continued)

(b) Financial assets and liabilities at fair value through profit or loss (continued)

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cashflows from the investments have expired or have been transferred and the Fund has transferred substantially all of the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Fund measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets or financial liabilities at fair value through profit or loss' category are presented in the statement of comprehensive income within net gains/(losses) on financial instruments at fair value through profit or loss in the period in which they arise.

Further details on how the fair values of financial instruments are determined are disclosed in Note 4 to the financial statements.

(c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders.

The units can be put back to the Fund at any time for cash based on the redemption price, which is equal to a proportionate share of the Fund's net asset value attributable to the unitholders.

The units are carried at the redemption amount that is payable at balance sheet date if the holder exercises the right to put the unit back to the Fund. This amount represents the expected cash flows on redemption of these units.

Units are classified as equity when they satisfy the following criteria under AASB 132 *Financial instruments: Presentation*:

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Fund's liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Fund, and it is not a contract settled in the Fund's own equity instruments; and
- the total expected cash flows attributable to the puttable financial instrument over the life are based substantially on the profit or loss.

Effective from 1 July 2021, the Fund's units have been reclassified from financial liability to equity as they satisfied all the above criteria.

(d) Cash and cash equivalents

For the statement of cash flows presentation purposes, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Fund's main income generating activity.

2 Summary of significant accounting policies (continued)

(e) Investment income

Interest Income

Interest income from financial assets at amortised cost is recognised on a time-proportionate basis using the effective interest method and includes interest from cash and cash equivalents.

Interest from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities.

Dividend Income

Dividend income is recognised on the ex-dividend date with any related withholding tax recorded as an expense.

Other changes in fair value for such instruments are recorded in accordance with the policies described in Note 2(b) (iii) to the financial statements.

(f) Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

(g) Income tax

Under current legislation, the Fund is not subject to income tax provided they attribute the entirety of their taxable income to the unitholders.

(h) Distributions

Distributions are payable as set out in the Fund's Product Disclosure Statement. Such distributions are determined by the Responsible Entity of the Fund. Distributable income includes capital gains arising from the disposal of financial assets and liabilities at fair value through profit or loss. Unrealised gains and losses on financial assets and liabilities at fair value through profit or loss that are recognised as income are transferred to net assets attributable to unitholders and are not assessable and distributable until realised. Capital losses are not distributed to unitholders but are retained to be offset against any realised capital gains.

(i) Foreign currency translation

i) Functional and presentation currency

Items included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for capital and is regulated. The Australian dollar is also the Fund's presentation currency.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

The Fund does not isolate that portion of gains or losses on securities which is due to changes in foreign exchange rates from that which is due to changes in the market price of securities. Such fluctuations are included with the net gains or losses on financial instruments at fair value through profit or loss.

(j) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the period. The due from brokers balance is held for collection and consequently measured at amortised cost. Trades are recorded on trade date, and normally settled within three business days. A provision for impairment of amounts due from brokers is established when there is objective evidence that the Fund will not be able to collect all amounts due from the relevant broker. Indicators that the amount due from brokers is impaired include significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation and default in payments.

(k) Receivables

Receivables include amounts where settlement has not yet occurred and are measured at their nominal amounts. Amounts are generally received within 30 days of being recorded as receivables. Given the short-term nature of most receivables, the recoverable amount approximates fair value.

2 Summary of significant accounting policies (continued)

(l) Payables

Payables are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Fund, and are measured at amortised cost. Amounts are generally paid within 30 days of being recorded as payables. Given the short-term nature of most payables, the payable amount approximates fair value.

(m) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed. Investors can apply and redeem from the Fund on a daily basis. Applications and redemption of units can only be done through authorised participants as defined in the product disclosure statement.

Unit prices are determined by reference to the net assets per the Fund's Constitution divided by the number of units on issue at or immediately prior to the close of each business day.

(n) Goods and services tax (GST)

The Fund qualifies for Reduced Input Tax Credits (RITC); hence the management fee, has been recognised in profit or loss net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(o) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Fund's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For more information on how fair value is calculated please see Note 4 to the financial statements.

(p) Rounding of amounts

The Fund is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, relating to the 'rounding off' amounts in the financial statements. Amounts in the financial statements have been rounded off to the nearest dollar, unless otherwise indicated.

(q) Operating segments

The registered scheme is outside the scope of AASB 8 *Operating Segments* as it does not satisfy the requirement, under AASB 8, of having debt or equity instruments traded in a public market, or file their financial statements with a securities commission or other regulatory organisation for the purpose of issuing any class of instruments in a public market.

(r) Accounting period

The Fund resolved to terminate on 28 October 2022 and completed its termination on 16 March 2023. The information provided relates to the period 1 July 2022 to 16 March 2023.

3 Financial risk management

The Fund's activities expose it to a variety of financial risks: market risk (including price risk, currency risk, and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management program focuses on ensuring compliance with its governing documents and seeks to maximize the returns derived for the level of risk to which the Fund is exposed. Financial risk management is carried out by the Investment Manager.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate, foreign exchange and price risks and ratings analysis for credit risk.

The Investment Manager mitigates those financial risks through diversification and a careful selection of securities and other financial instruments within specified limits.

The Fund's performance exceptions to its benchmark are reported to the board on a regular basis.

(a) Market risk

Market risk is the risk that the value of the Fund's investments or the benefits arising thereon will fluctuate because of changes in market prices. Market risk comprises three types of risk: price risk, foreign exchange risk and interest rate risk.

(i) Price risk

Price risk is the risk that a change in market price will affect the Fund's income or the fair value of its holding of financial instruments. The objective of price risk management is to manage price risk exposures within acceptable parameters while optimising the return.

The Responsible Entity mitigates price risk through diversification and a careful selection of securities and other financial instruments within investment guidelines specified in the Product Disclosure Statement.

The table in Note 3(b) summarises the impact of an increase/decrease of the Fund's benchmark index on the Fund's net assets attributable to unitholders. The analysis is based on the assumptions that the index increased/decreased by 14% with all other variables held constant.

(ii) Foreign exchange risk

The Fund operates internationally and holds both monetary and non-monetary assets denominated in currencies other than the Australian dollar. Foreign exchange risk arises as the value of monetary securities denominated in other currencies fluctuate due to changes in exchange rates. The foreign exchange risk relating to non-monetary assets and liabilities is a component of price risk and not foreign exchange risk. However, the Investment Manager monitors the exposure on all foreign currency denominated assets and liabilities.

The Fund holds financial instruments denominated in currencies other than the Australian dollar. However, these are not hedged or actively managed against foreign exchange exposures.

The table below summarises the Fund's financial assets and liabilities, monetary and non-monetary, which are denominated in a currency other than the Australian dollar. The Fund did not have any assets or liabilities as at 16 March 2023.

30 June 2022	US Dollars A\$	Euro A\$	British Pounds A\$	Swiss Francs A\$	Other Currencies A\$
Cash and cash equivalents	6,603	1,130	6,864	-	13,600
Due from brokers - receivable for securities sold	-	99,868	100,206	-	3,867
Receivables	11,855	56,243	23,350	97,718	22,736
Financial assets at fair value through profit or loss	6,124,702	5,120,361	3,715,817	1,300,784	2,353,594
Due to brokers - payable for securities purchased	-	(182,567)	-	-	-
Payables	-	(638)	(27)	-	-
Net exposure	<u>6,143,160</u>	<u>5,094,397</u>	<u>3,846,210</u>	<u>1,398,502</u>	<u>2,393,797</u>

The table in Note 3(b) summarises the sensitivities of the Fund's monetary and non-monetary assets and liabilities to foreign exchange risk. The analysis is based on the assumption that the Australian dollar strengthens/weakens by 7% against each of the other currencies to which the Fund is exposed to.

This represents management's best estimate of a reasonably possible shift in the foreign exchange rates, having regard to historical volatility of those rates. This increase or decrease in the net assets attributable to unitholders arises mainly from a change in the fair value of Emerging market's equities that are classified as financial assets and liabilities at fair value through profit or loss.

3 Financial risk management (continued)

(a) Market risk (continued)

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the Fund's financial instruments will fluctuate as a result of changes in market interest rates.

Interest rate risk is not considered to be significant to the Fund except in relation to investments in interest bearing securities. The Fund does not hold any investments in interest bearing securities at 16 March 2023 and 30 June 2022.

(b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders to price risk and foreign exchange risk. The reasonably possible movements in the risk variables have been determined based on the Responsible Entity's best estimates, having regard to a number of factors, including historical levels of changes in foreign exchange rates and the relevant benchmark, historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance and/or correlation between the performance of the economics, markets and securities in which the Fund invests. As a result, historical variations in the risk variables are not a definitive indicator of future variations in the risk variables.

The effect on the net assets attributable to unitholders and profit or loss due to reasonably possible change in market risk factors as represented by the market index with all other variables held constant, is indicated in the table below. The Fund did not have any assets or liabilities as at 16 March 2023.

Impact on operating profit/net assets attributable to unitholders				
	Price risk		Foreign exchange risk	
30 June 2022	-14%	+14%	-7%	+7%
	\$	\$	\$	\$
	(2,606,136)	2,606,136	(1,321,285)	1,321,285

(c) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund, resulting in a financial loss to the Fund.

The Fund is exposed to concentration risk when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

Concentrations of credit risk are minimised primarily by ensuring that transactions are undertaken with a large number of counterparties (either directly or indirectly).

The maximum exposure to credit risk before any credit enhancements at the end of each reporting period is the carrying amount of the financial assets.

As at 16 March 2023 and 30 June 2022, the Fund has no significant direct concentrations of credit risk of counterparties.

3 Financial risk management (continued)

(d) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

These risks are controlled through the Fund's investments in financial instruments, which under normal market conditions are readily converted into cash. In addition, the Fund maintains sufficient cash and cash equivalents to meet normal operating requirements.

The risk management guidelines adopted are designed to minimise liquidity risk through:

- ensuring that there is no significant exposure to illiquid or thinly traded financial instruments; and
- ensuring that there is no concentration of liquidity risk to a particular counterparty or market.

The Investment Manager monitors the Fund's liquidity on a daily basis and any issues relating to funding constraints or overdrafts are reported to the Responsible Entity.

Financial liabilities of the Fund comprise of distributions payable, other payables, financial liabilities at fair value through profit or loss and net assets attributable to unitholders. Distributions payable are settled on payment date and other payables are typically settled within 30 days. Net assets attributable to unitholders are payable on demand.

The table below details the Fund's non-derivative financial liabilities into the relevant maturity groupings based on the remaining period at balance date to the contractual maturity date. The amounts in the table are contractual undiscounted cash flows. The Fund did not have any assets or liabilities as at 16 March 2023.

	Less than 1 month	1-6 months	7-12 months	Over 12 months	Total
30 June 2022	\$	\$	\$	\$	\$
Distributions payable	686,629	-	-	-	686,629
Due to brokers - payable for securities purchased	182,567	-	-	-	182,567
Payables	<u>32,758</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>32,758</u>
	<u>901,954</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>901,954</u>

4 Fair value measurement

The Fund measures and recognises the following assets and liabilities at fair value on a recurring basis:

- Financial assets/liabilities at fair value through profit or loss (FVPL) (see Note 9).

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 requires disclosure of fair value measurements by level of the following fair value hierarchy:

- a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- b) inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

Financial assets and liabilities at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments at fair value through profit or loss are measured at fair value with changes in fair value recognised in the Statement of comprehensive income.

- Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at balance date without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in the financial statements. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Fund is the current bid price; the appropriate quoted market price for financial liabilities is the current asking price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

4 Fair value measurement (continued)

- Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds.

The determination of what constitutes "observable" requires judgment by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and not provided by independent sources that are actively involved in the relevant market.

The table below sets out the Fund's financial assets and liabilities measured at fair value according to the fair value hierarchy. The Fund did not have any assets or liabilities as at 16 March 2023.

30 June 2022	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets at fair value through profit or loss:				
Listed equity securities	<u>18,615,259</u>	<u>-</u>	<u>-</u>	<u>18,615,259</u>
Total	<u>18,615,259</u>	<u>-</u>	<u>-</u>	<u>18,615,259</u>

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(i) Transfers between levels

There were no transfers between the levels of the fair value hierarchy for the period/year ended 16 March 2023 and 30 June 2022.

(ii) Valuation process

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being level 3 securities. Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, management performs back testing and considers actual market transactions. Changes in allocation to or from level 3 are analysed at the end of each reporting period.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values due to their short term nature.

(iii) Movement in Level 3 instruments

There were no investments classified as Level 3 within the Fund as at 16 March 2023 and 30 June 2022.

5 Auditor's remuneration

The following fees were paid or payable for services provided by the auditor of the Fund:

	1 July 2022 to 16 March 2023 \$	1 July 2021 to 30 June 2022 \$
(a) Audit and other assurance services		
<i>Audit services and other assurance services</i>		
Audit services - Audit of the financial statements	15,300	23,138
Other assurance services - Audit of the compliance plan	4,297	4,297
Total remuneration for audit and other assurance services	<u>19,597</u>	<u>27,435</u>
(b) Non-audit services		
<i>Taxation services</i>		
Tax compliance services	8,513	8,513
Total remuneration for non-audit services	<u>8,513</u>	<u>8,513</u>

Auditor's remuneration for the Fund is paid by the Responsible Entity and has not been re-charged to the Fund.

6 Net assets attributable to unitholders

Movements in the number of units and net assets attributable to unitholders during the period/year were as follows:

	1 July 2022 to 16 March 2023		1 July 2021 to 30 June 2022	
	No.	\$	No.	\$
Opening balance	18,294,482	18,169,166	22,854,304	26,783,680
Applications	573,608	570,011	2,441,680	2,928,202
Redemptions	(18,949,166)	(18,923,461)	(8,826,780)	(10,765,308)
Reinvested distributions	81,076	76,163	1,825,278	1,829,250
Distributions paid and payable	-	(203,742)	-	(2,604,878)
Profit/(loss) for the period/year	-	311,863	-	(1,780)
Closing balance	<u>-</u>	<u>-</u>	<u>18,294,482</u>	<u>18,169,166</u>

As stipulated in the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets in the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Units are redeemed on demand at the unitholder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

Capital risk management

Net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

Applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Investment Manager. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

7 Distributions to unitholders

The distributions for the period/year were as follows:

	1 July 2022 to 16 March 2023		1 July 2021 to 30 June 2022	
	\$	CPU	\$	CPU
Distributions				
Distribution paid - September	102,597	0.569	154,919	0.891
Distribution paid - October	101,145	0.656	-	-
Distribution paid - December	-	-	75,784	0.445
Distribution paid - March	-	-	40,597	0.234
Distributions paid and payable - June	-	-	2,333,578	14.038
Total distributions	203,742	1.225	2,604,878	15.608

12 Related party transactions

Responsible Entity

The Responsible Entity of Janus Henderson Global Equity Income Fund is Janus Henderson Investors (Australia) Funds Management Limited (ABN 43 164 177 244). Transactions with entities related to Janus Henderson Investors (Australia) Funds Management Limited are disclosed below.

Investment Manager

The Fund implements its investment strategy by investing in listed equity securities. Janus Henderson Investors (Australia) Funds Management Limited, the Responsible Entity of the Fund, appointed Henderson Global Investors Limited as the Investment Manager.

Key management personnel

Directors

Key management personnel includes persons who were directors of Janus Henderson Investors (Australia) Funds Management Limited at any time during the period or since the end of the period and up to the date of this report:

MJ Gaden
EYL Cheung
GJ Clarke

Key management personnel unitholdings

At 16 March 2023 and 30 June 2022 no key management personnel held units in the Fund.

Key management personnel compensation

Key management personnel are paid by Janus Henderson Investors (Australia) Limited. Payments made from the Fund to the Responsible Entity do not include any amounts directly attributable to the compensation of key management personnel.

Key management personnel loan disclosures

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting period.

Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the period and there were no material contracts involving key management personnel's interests existing at period end.

Responsible Entity's fees and other transactions

Under the terms of the Fund's Constitution and the current Product Disclosure Statement for the Fund, the Responsible Entity is entitled to receive fees monthly.

The management fee for the period ending 28 October 2022 and 30 June 2022 for the Fund was 0.85% per annum of the Net Asset Value of the Fund (including GST net of reduced input tax credits). It is calculated and accrued daily and payable monthly in arrears by the Fund.

	16 March 2023	30 June 2022
	\$	\$
Management fees for the period	43,038	182,833
Management fees payable at the reporting date	-	13,307

Investments

The Fund did not hold any investments in Janus Henderson Investors (Australia) Funds Management Limited or its related parties during the period.

Related party's unitholdings

Parties related to the Fund, including the Responsible Entity, key management personnel, its associates and other schemes managed by Responsible Entity, held the following units in the Fund at the end of the period:

16 March 2023	Number of units held	Interest held %	Number of units acquired during period	Number of units disposed of during period	Distributions paid or payable during period \$
Janus Henderson Group PLC	-	-	80,811	(13,442,222)	75,991

12 Related party transactions (continued)

30 June 2022	Number of units held	Interest held %	Number of units acquired during period	Number of units disposed of during period	Distributions paid or payable during period \$
Janus Henderson Group PLC	13,361,411	73.04	1,819,437	(5,688,282)	1,823,701

13 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	1 July 2022 to 16 March 2023 \$	1 July 2021 to 30 June 2022 \$
(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities		
Profit/(loss) for the period/year	311,863	(1,780)
Proceeds from sale of financial instruments at fair value through profit or loss	19,868,047	14,254,895
Payment for purchase of financial instruments at fair value through profit or loss	(882,946)	(7,021,519)

Net foreign exchange (gain)/loss	1,663	(1,170)
Net change in receivables	214,783	146
Net change in payables	(13,997)	(5,037)
Net cash inflow from operating activities	19,150,945	7,792,366
(b) Non-cash financing activities		
Non-cash financing and operating activities carried out during the reporting period on normal commercial terms and conditions comprised:		
Distributions to unitholders reinvested	76,163	1,829,250
	76,163	1,829,250

14 Events occurring after the reporting period

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the statement of financial position as at 16 March 2023 or on the results and cash flows of the Fund for the period ended on that date.

15 Contingent assets and liabilities or commitments

There are no outstanding contingent assets or liabilities or commitments as at 16 March 2023 and 30 June 2022.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) The annual financial statements and notes set out on pages 5 - 21 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at 16 March 2023 and of its performance for the period ended on that date.
- (b) As disclosed in Note 2(a) to the financial statements, the Fund has been terminated and there have been no other matters not otherwise dealt with in the financial report;
- (c) Note 2(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors.

MJ Gaden
Director

On behalf of all the directors of Janus Henderson Investors (Australia) Funds Management Limited

23 May 2023

Sydney, Australia

Independent auditor's report

To the unitholders of Janus Henderson Global Equity Income Fund

Our opinion

In our opinion:

The accompanying financial report of Janus Henderson Global Equity Income Fund ("the Fund") is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Fund's financial position as at 16 March 2023 and of its financial performance for the period 1 July 2022 to 16 March 2023
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

What we have audited

The financial report comprises:

- the statement of financial position as at 16 March 2023
- the statement of comprehensive income for the period 1 July 2022 to 16 March 2023
- the statement of changes in equity for the period 1 July 2022 to 16 March 2023
- the statement of cash flows for the period 1 July 2022 to 16 March 2023
- the notes to the financial statements, which include significant accounting policies and other explanatory information
- the directors' declaration.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Emphasis of matter - going concern no longer appropriate

We draw attention to Note 2(a) in the financial report, which states that on 28 October 2022, the Responsible Entity of the Fund resolved to terminate the Fund. The final distribution to unitholders was paid on 15 November 2022. The Fund completed its termination on 16 March 2023. As a result, the financial report has been prepared on a liquidation basis and not on a going concern basis. Our opinion is not modified in respect of this matter.

Other information

The directors of the Responsible Entity are responsible for the other information. The other information comprises the information included in the annual financial report for the period 1 July 2022 to 16 March 2023 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors of the Responsible Entity for the financial report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our auditor's report.
