The term "Controlling Persons" must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.

Control

"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest in the Entity. A "control ownership interest" depends on the ownership structure of the legal person and is usually identified on the basis of a threshold applying a risk-based approach (e.g. any person(s) owning more than a certain percentage of the legal person, such as 25%). Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is identified as exercising control of the Entity, the Controlling Person(s) of the Entity will be the natural person(s) who holds the position of senior managing official.

²⁰Active Non-Financial Entity (NFE)

The term "Active NFE" means any NFE²² that meets any of the following criteria:

- (a) less than 50 % of the NFE's gross income for the preceding calendar year or other appropriate reporting period is passive income and less than 50% of the assets held by the NFE during the preceding calendar year or other appropriate reporting period are assets that produce or are held for the production of passive income;
- (b) the stock of the NFE is regularly traded on an established securities market or the NFE is a Related Entity¹⁹ of an Entity the stock of which is regularly traded on an established securities market;
- (c) the NFE is a Governmental Entity, an International Organisation, a Central Bank, or an Entity wholly owned by one or more of the foregoing;
- (d) substantially all of the activities of the NFE consist of holding (in whole or in part) the outstanding stock of, or providing financing and services to, one or more subsidiaries that engage in trades or businesses other than the business of a Financial Institution, except that an Entity does not qualify for this status if the Entity functions (or holds itself out) as an investment fund, such as a private equity fund, venture capital fund, leveraged buyout fund, or any investment vehicle whose purpose is to acquire or fund companies and then hold interests in those companies as capital assets for investment purposes. In these circumstances, the Entity will be a Passive NFE²¹
- (e) the NFE is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a Financial Institution, provided that the NFE does not qualify for this exception after the date that is 24 months after the date of the initial organisation of the NFE;
- (f) the NFE was not a Financial Institution in the past five years, and is in the process of liquidating its assets or is reorganising with the intent to continue or recommence operations in a business other than that of a Financial Institution;
- (g) the NFE primarily engages in financing and hedging transactions with, or for, Related Entities that are not Financial Institutions, and does not provide financing or hedging services to any Entity that is not a Related Entity, provided that the group of any such Related Entities is primarily engaged in a business other than that of a Financial Institution, or
- (h) the Entity is a non-profit organisation³

The term "Investment Entity" means any Entity:

- (a) which primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer:
 - (i) trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;
 - (ii) individual and collective portfolio management; or

- (ii) the period during which the Entity has been in existence.
